

Missouri Crop Improvement Association
Laboratory Fee Schedule
Effective 7/1/16

<u>Crop</u>	<u>Germination</u>	<u>Purity & Noxious</u>	<u>Complete Analysis</u>
Soybean	14.95	14.95	29.90
Small Grains	14.95	14.95	29.90
Rice	14.95	14.95	29.90
Corn	14.95	14.95	29.90
Grain Sorghum	14.95	14.95	29.90
Cotton	14.95	14.95	29.90
Clover Species	17.00	18.00	35.00
Lespedeza	17.00	18.00	35.00
Grasses - Fescue	19.00	19.00	38.00
Grasses – Ryegrass	19.00	19.00	38.00
Grasses – Timothy	19.00	19.00	38.00
Grasses – Canarygrass	19.00	19.00	38.00
Grasses – Smooth Bromegrass	19.00	19.00	38.00
Grasses – Orchardgrass	19.00	19.00	38.00
Grasses – Kentucky Bluegrass	19.00	40.00/hr	59.00 +/-
Grasses – Bluestems*	19.00	40.00/hr	59.00 +/-
Grasses – Indiangrass*	19.00	40.00/hr	59.00 +/-
Grasses – Switchgrass*	19.00	40.00/hr	59.00 +/-
Other Native Grass Species*	19.00	40.00/hr	59.00 +/-

* Highly dormant species that may require a TZ test to determine percent dormant seed (separate fee may apply)

NOTE – grass mixtures, uncleaned or low quality samples and coated seed will be assessed a fee of \$40.00 per hour.

Standard Tetrazolium (TZ) Test (*all species*) 25.00

NOTE – certain species may incur an hourly fee of \$40.00 per hour. Please contact the MCIA office for clarification.

Accelerated Aging (AA) Test 19.25

Seed Count (only available for cereals and grains) 8.25

Billing

MCIA will establish an account for each client. Charges will be posted to your account at the time a preliminary or final lab report is issued. Clients will receive a monthly invoice for services provided.

MCIA's seed testing lab is a full service laboratory. For information on services or pricing not listed above, please call the MCIA seed testing lab at (573) 449-0586.
